- 《CSS 权威指南（第三版）》
- 《JavaScript & jQuery 交互式 Web 前端开发》

Skills

- jQuery/Javascript/JSON
- HTML/CSS/
- SQL/VBA

Experience

- **Carrefour China**
 - ◆ Role: Business Analyst
 - ◆ Period: 2015.05--2016.01
 - ◆ Job duties:
 - 1) Create and publish weekly/monthly reports based on business requirements; make use of VBA, SQL to improve efficiency and quality.
 - 2) Assortment Management.
 - 3) Work cross-department. To get the expected achievement, keep in touch with different departments to clarify requirements, and follow the progress of data process.
 - 4) Urgent data analysis.

Self-assessment

I learn the skills to keep in touch with different depts and enhance the ability to solve problems, during the data analysis experience in retails.

However, I find myself much more enjoy coding.

To be a front-end dev engineer, enjoying the awesome coding, I learn the skiils of web development.
